1 Introduction

This document includes what's new in version 1.8.8. You can check the version you have installed directly in the application, through the “main menu” -> “About”.

2 What's new in this version

This chapter describes the added or improved functionalities in more detail:

Content of this chapter

2.1 Maintenance release.....	4
2.2 Other improvements and corrections (bug-fixes).....	4

2.1 Maintenance release

This version is essentially a maintenance release, which, along with some minor improvements, lays the foundation for the upcoming release update 1.9.

2.2 Other improvements and corrections (bug-fixes)

This version includes the following improvements/fixes:

N.º of issue	Description of the improvement/fix issue
#483	OneDrive Backup/Restore – the technical infrastructure has been updated
#484	Excel Export – the texts next to the buttons should also be clickable
#485	Excel Import – the text next to the switch should also be clickable
#486	Image editing window – the selection frame does not work as expected
#490	When using the backup service, only the active services should be displayed in the Android notification.
